Sir I have understood from my good friend Mr William Milward it hath pleased  
you out of your love unto me and my mine to make a motion of marriage  
betwixt my son and the daughter-in-law of Sir Peter Frecheville  
I have a great desire to see him matched in my lifetime and although  
Sir Peter be a mere stranger unto me yet the fame of his worth  
and the motion proceeding from ~~so good a friend as I esteem~~ yourself  
~~to be have made me more desire so~~ have ~~hath~~ encouraged me to  
entreat your furtherance therein to know whether Sir Peter  
and his Ladyship be willing thereto which if I may understand to be  
with their liking my son shall attend you when you shall be  
pleased to appoint the time And ~~to do the part of a father~~ after interview. I shall be willing  
(by God's grace) as it shall be his pleasure to dispose their mutual  
affections ~~To do the part of a father~~ so to perform the office of a  
father And what success so ever shall follow the motion my  
poor endeavours shall ever be employed to deserve your ~~this~~ kindness  
and ~~And~~ so Commending my assured love unto you do rest

To Sir William Kniveton Baronet
